

Prairie Skies - Dog Training for Open Spaces **Summer School, 2010**

Summer classes start in May, 2010

- ***Puppy Kindergarten***

For puppies age 10 weeks to 7 months old. Introduce your puppy to basic obedience, foster good behavior, and eliminate jumping up, biting and chewing, barking, digging...On-going classes (year-round) at three different Lincoln locations.

- ***Surviving Your Dog's Adolescence***

Have you completed puppy kindergarten and are wondering what's next? This is a training class JUST for puppies 8 -18 months old.

- ***Koehler Method of Dog Training*** (KMODT)

Specialized basic obedience for dogs age 8 mos and up. Off-leash control in ten weeks.
No dogs the first night of class. Course fee includes workbook.

- ***MetroDog***

For owners who want a dog they can take anywhere, with special emphasis on well-behaved dogs in urban and institutional environments. If you've ever thought about doing therapy work with your dog in hospitals, schools or senior centers, this class is for you.

- ***Tracking class***

Teach your dog to follow human scent, and prepare for tracking tests or titles. Tracking regulations and info available from the AKC at www.akc.org

All classes run four consecutive weeks, and then repeat.

Tracking is six weeks; KMODT is ten weeks.

Instructor: Dr. Jill Morstad

Each class has a specialized emphasis (see above) and includes practice with obedience foundations (sit, down, come, heel, stay); how dogs learn (and how they don't), training with distractions, setting goals, proofing, and problem-solving.
